The City of Calgary

We worked with Winsport for an event in which we needed a presentation space and catering offsite. Kristen, Shay-Lynn, and their team were amazing. They handled everything like it was effortless, responded and adapted to our needs and made a stressful day easy. The catering was delicious and Winsport accommodated the cultural and dietary needs of the group. They were also able to provide everything we needed at the offsite lunch location, which was helpful as we had not thought about details like garbage cans and recycling bins. Having parking at the event space was also a huge benefit! We will use Winsport again and highly recommend them!
