# STOP – READ THIS!!!

## WINSPOrt BIKE PARK

**Important information about WinSport’s Bike Park, which includes all trails, features, and the Skills Centre (the “WinSport Bike Park”)**

- Read and be familiar with the Mountain Biker’s Responsibility Code.
- Use of the WinSport Bike Park involves the risk of injury. The Rider controls the degree of risk they will encounter in using the trails and features in the WinSport Bike Park.
- The Rider should not attempt any of the trails or features unless the Rider has sufficient ability and skill to do so safely. The Rider must always ride in control and within the Rider’s ability level.
- Helmets are mandatory in the Bike Park and protective padding is strongly recommended.
- Lift access trail networks at the WinSport Bike Park are not recommended for first-time cyclists.
- The Bike Park trails are intended for downhill riding only unless specified as an up-track or two-way trail.
- Be aware of changing conditions on trails and features. It is the Rider’s responsibility to inspect trails and features before using them.
- Stay off access roads. The WinSport Bike Park crosses roads at multiple places. Always stop and look at all road crossings. Yield to oncoming traffic.

**As with many adventure sports, riding in the WinSport Bike Park involves the risk of injury, including serious injury, head injury, paralysis, or death. The risk of injury increases with the degree of difficulty of the trail and features and the speed of descent. Although the risk of injury can never be eliminated, the Rider can manage the risk through controlling speed and choosing terrain appropriate for the rider’s skill and experience. Lessons or programs offered through the WinSport Bike Park will also assist the Rider in managing the risk of injury.**
